ADDRESSING EDUCATIONAL NEEDS IN JUVENILE COURT NOTETAKING GUIDE

School plays a central role in a youth's day-to-day life; most teenagers spend more time in school than they do with their families.

Throughout the 1990s, the rise of zero-tolerance school discipline policies resulted in the widespread adoption of strict and mandatory responses for a large range of misbehavior in school. An unintended consequence of these policies and practices were youth with behavioral health needs put at an increased risk for exclusionary discipline and school-based arrests.
